TOOL IFT SET 33 / Industry Fitting Tool

Cold mounting case

Kit of fitting tools enabling quick, precise and safe mounting of bearings. Also suitable for installing other components such as seal rings, pinions or pulleys.

Technical data

Main features	
Length	430 mm
Width	320 mm
Height	100 mm
Min bearing bore diameter	10 mm
Max bearing bore diameter	50 mm
Min bearing outer diameter	26 mm
Max bearing outer diameter	110 mm
Weight	4.8 kg
