

Technical datasheet

Tool AS-SCHP 4 T / Acc set hyd pull

Back puller AS SCHP

Separator for SCHP 4T, a complementary tool to the hydraulic claw-type puller when the latter does not have sufficient grip. Bevelled blades grip on the back of parts. It reduces the force required during dismounting and avoids damaging the shaft journal.

Technical data

Main features	
Capacity	4,000 kg
Max range	250 mm
Min shaft diameter	25 mm
Max shaft diameter	110 mm
Weight	7 kg

Technical datasheet

Tool AS-SCHP 12 T / Acc set hyd pull

Back puller AS SCHP

Separator for SCHP 12T, a complementary tool to the hydraulic claw-type puller when the latter does not have sufficient grip. Bevelled blades grip on the back of parts. It reduces the force required during dismounting and avoids damaging the shaft journal.

Technical data

Main features	
Capacity	12,000 kg
Max range	325 mm
Min shaft diameter	80 mm
Max shaft diameter	225 mm
Weight	22 kg
